

Non-alcoholic Kithul sap Beverage

Invention summary:

The non- alcoholic Kithul Sap Beverage is a thirst quenching sweet, ready to serve beverage from natural sugar produced from natural un-fermented Kithul sap.

Technology overview:

This product could be categorized as a plant sap based ready to serve beverage, as it has no added colors, sugars or preservatives etc. and retains the natural color of the sap. Fermentation of fresh sap was interrupted and the natural Kithul color and flavor with its own sugar is preserved without the use of chemicals. The small sediment at the bottom of the container is considered to be natural.

Potential application:

Can be used as a healthy thirst quenching energy drink
